LETTER OF APPRECIATION

12 August 2024

RUEL G. DEMAİN

Student

University of the Philippines Open University

Dear Ruel,

I hope this letter finds you well.

On behalf of Lipay Elementary School, I want to extend my sincerest gratitude for your consistent support and dedication to our campus journalism program. Since *The Bridge* was reorganized in 2016, you have been there, training our young journalists and assisting us with our school paper. Your incredible involvement throughout these years is deeply appreciated. You have been an invaluable asset in revitalizing our school publication.

Moreover, your initiative to choose us as the target institution for your capstone project at the University of the Philippines is a tremendous privilege. We have not had an existing program for campus journalism for almost a decade, despite our students' participation in school press conferences. With your help, we were able to send two of our alumni to the Regional Schools Press Conference in 2019 and to be awarded as second best elementary student publication in Central Luzon in the same year. After that, we experienced a hiatus as you pursued your academic endeavors. Your efforts to undertake this project with us will greatly boost our campus journalism program. The Palauig District has always looked up to *The Bridge* due to our past achievements. I believe that, with your guidance, we will once again excel.

The progress and impressive outputs of our students, who started from scratch, are already a testament to your skills as a teacher. How much more will they benefit with you as a program designer? We are extremely grateful, and I hope more people come to recognize your talents.

On a personal note, I have always been rooting for you. I believe this is your final requirement at UP, and you will finally be graduating this year. The entire Barangay Lipay is eagerly waiting to see you wear your Sablay. You see – You have always been a valuable person to our small community.

With heartfelt appreciation and gratitude,
